

**GOD'S  
MASTERBUILDERS**

# **Healthcare challenges in the elderly (with a focus on retirees)**

**By  
Vulnerable People & Communities**

# About This Council

This coalition comprises of Kingdom leaders who are passionate about vulnerable people and communities. A vulnerable person could either be a woman who is going through abuse, a community without basic necessities, a widow, an orphan and lots more.

**Anchor Scriptures** - Exodus 22:21-27, Proverbs 31:8-9, James 2:14-17

The **Lead Council Catalyst** is **Oluwaseun Newton** and the **Assistant Council Catalyst** is **Foluke Meghomo**

# About the Session

My name is **Oluwaseun Newton** and I am the **Lead Council Catalyst** for **Vulnerable People & Communities**.

This session has been designed for us to brainstorm effective pragmatic strategies that can be deployed in relation to “**Healthcare challenges in the elderly (with a focus on retirees)**”.

Information gathered during this session will be utilised for research purposes. Please understand that all information will be de-identified, if you however do not want the council utilising it, please let us know by emailing [kc@kingdomleadersglobal.org](mailto:kc@kingdomleadersglobal.org)

To get a quick understanding of the issue, if you have not read the e-brochure, I'd play this [video](#).

Also fill this [poll](#) with regards to the top issue we are discussing.

# God's Light

01

## VISION

What does a fully accessible healthcare system for older people look like to you?

What steps can be taken today to move closer to this vision?

02

## THE CHURCH

What opportunities exist for the church to expand its influence in addressing these challenges?

03

## OVERCOMING BARRIERS

What can be done to streamline healthcare processes for the elderly?

# Pragmatic Strategies

01

## STRATEGIES

What can be done to better educate retirees about maintaining their health and accessing resources?

02

## INNOVATION

How can family members, caregivers, and healthcare providers work together to support retirees more effectively?

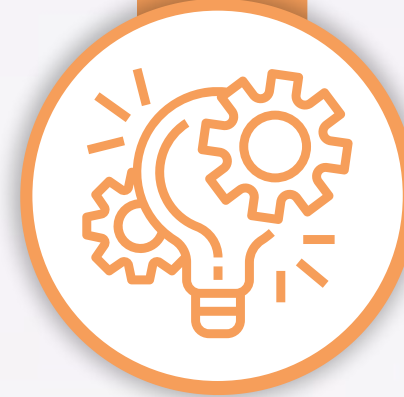

03

## ADVOCACY

How can advocacy groups help bring attention to the healthcare challenges faced by retirees?

04

## TECHNOLOGY

How do you think technology (e.g., telemedicine, health apps) can improve healthcare access for retirees?

05

## PROFESSIONALS

Are there areas where healthcare professionals can improve their approach to elderly care?

06

## COMMUNITIES

What additional community-based initiatives could help improve retirees' mental and emotional health? Are there any community-based programs that have been particularly helpful, and how can they be improved?

# Pragmatic Strategies (2)

## AFFORDABILITY

What measures can be implemented to make healthcare more affordable for older people?

## HEALTH CARE PROVIDERS

How can healthcare providers adapt their services to better meet the needs of older people?

## SOCIAL REFORMATION

What partnerships between governments, NGOs, and private organizations could help reduce barriers to healthcare access?

## LONG TERM STRATEGIES

What long-term solutions do you think could help alleviate healthcare challenges for retirees? And how can communities, religious organizations, or NGOs contribute to these solutions?

## LOW HANGING FRUIT

What can we do as an army? What are the low hanging fruits that can be deployed and will still be effective?
